

Hopkinton Village Greenway

- The Greenway connects existing trails and conservation lands at Kimball Lake, Ransmeier Woods, the Sweatt Preserve and Hawthorne Forest. The 4.5-mile route is marked with yellow blazes, arrows and signs.
- The Trail is Designed for foot traffic and non-motorized recreation use.
- Trailhead parking is available at Kimball Lake, Ransmeier Woods, and Hawthorne Forest; there is limited parking at the Sweatt Preserve trailhead.
- Please respect private property; carry out all trash and clean up after your pets.
- The Greenway is a cooperative project of the Hopkinton Conservation Commission and the Hopkinton Open Space Committee and is made possible by the generosity of private landowners and community volunteers.
